RESEARCH STARTER

CINAHL.

Nurses, allied health professionals, researchers, nurse educators, and students depend on CINAHL indices and databases to research their subject areas. [more](#)

Salem Press Encyclopedia

If you haven't previously logged in, you will be asked to enter your University of Essex username and password. Once entering these, you will be taken you through to the EBSCO interface, with CINAHL selected as the database you want to search (You can then choose additional databases at the top using the 'Choose Databases' option at the top if you want to search multiple databases at once, e.g. CINAHL, Medline, PsycArticles and PsycInfo).
